Developer will purchase adjacent privately-owned parcel 2019 Aldrich for parking area to support building. Existing 47,100 SF commercial building on 800 West Broadway will be renovated into offices and retail space. Retail will occupy first floor West Broadway face of building. City Council has approved preliminary analysis for the use of TIF for this project. Developer has met with Development Services (Hilary Dvorak) on entitlement process that will include rezoning of adjacent property (2019 Aldrich).

Section II. Zoning Review

7. Lot is: Buildable for **any** structure Non-Buildable for **any** structure
Explain: My understanding is this is a renovation project. It does not appear to involve an addition.
 8. Will any land use applications be required to achieve the **proposed** future use noted in item 4?
Yes No If yes, what applications? It appears from the above that the development will involve rezoning of the adjacent parcel to provide parking that would support the project. From this, it could be inferred a parking variance may be necessary if the rezoning were to fail. Further analysis of the project will be required to determine if any Land Use Applications are required for the development of 800 West Broadway.
 9. Comments: Project must comply with regulations of C3S zone and WB overlay districts.
