

IGR – Your Committee, having under consideration the draft letter in response to the Federal Energy Regulatory Commission’s request for comments on the Draft License Application and Draft Preliminary Draft Environmental Assessment on the A-Mill Artist Lofts Hydroelectric Project (to be located on the east bank of the Mississippi River at Upper St. Anthony Falls), now recommends that the Executive Director of the Department of Community Planning and Economic Development, or their designee, be authorized to submit comments on behalf of the City of Minneapolis on both draft documents that are generally consistent with the draft comments filed with the City Council.
