**Presented by:** Susan Brower, State Demographer  
**File type:** Receive & File  
**Subcategory:** Presentation

---

**Subject:**

Presentation by the State Demographer on the Economic Status of Minnesotans

**Description:**

Receiving a report from Susan Brower, State Demographer, on the changes in Minnesota's population and the economic disparities among different population groups.

**Previous Actions:**

None.

---

**Background/Analysis:**

The State Demographer has prepared several reports based on the American Community Survey and the US Census related to Minnesota's population. In addition to traditional population counts and projections, the State Demographer has prepared several reports that provide socio-economic information on the population as a whole and cultural groups therein.

The presentation to the committee will focus on the economic status of Minnesotans. Data will be presented by racial and cultural groups.

Information about the Office of the State Demographer can be found at
