Hi Julie,

Here is another positive comment received in regards to Rose Street's application.

Thank YOU for ALL THAT YOU DO! It is a lot. And we are very grateful!

Subject: Grounded at Rose Street

Dear Linea,

I frequently get coffee and a breakfast pastry at John Kraus's new venue on 43rd Street. At least once a week I find myself sitting on the concrete pad in front of the Rose Street Patisserie next to Settergen's. I walk there with Tasche, my wonder dog. He's used to sitting on the ground. I'm not.

From time to time I volunteer to watch some else's dog so they go in for a cuppa and a treat. Of course I carry my usual supply of animal crackers.

John Kraus has told me there will soon be outdoor seating. Now I find out that there is a delay in getting approval.

I don't know why there is problem. Many fellow dog walkers have been patiently waiting for this amenity.

Do you know why there is a delay? Is there anything I can do to accelerate the approval?

Larry
