Subject: MPLS Class E liquor license for SotaRol, Traffic Control

Ward 13 office and Julie,

Thanks for the information about the upcoming hearing...

I again bring up the question of increased business in the 50th and France area of Ward 13 and the amount of limited parking.

Where do I bring up the question of Traffic Control and limited parking?
I found that the liquor hearing is NOT the correct meeting.

Thanks
Ernie Lewis
47th and Abbott Ave South

Suggestion:
Would the city of Minneapolis like to buy the corner of 50th and Drew where the only business is Subway and build a parking garage... Just a suggestion.
