- In a cooperative effort with Regulatory Services, the Ward 10 office, and MPD, four taxi zones were installed in the Uptown area to serve increased demand and reduce congestion.
- Loading zone activity included the installation of six loading zones and three valet zones as requested by various business owners.
- An obsolete two-hour parking zone was removed, providing two blocks of unrestricted parking for neighborhood residents in Ward 11. A no parking zone was installed on one side of Xerxes Ave N near Chestnut Ave N because the 18-foot roadway was too narrow to safely accommodate two-sided parking. Modified parking zones to facilitate bicycle projects.
- Modified parking meter parameters with new meter installations and implemented meters in the Farmer's Market area.
- Stop signs were installed at five uncontrolled intersections in accordance with the City's Stop Sign Plan.
- Removed one (18th Ave NE) and added five (15th Ave SE, Como Ave SE, LaSalle/Blaisdell Ave S, 1st Ave S and Chicago Ave S) bike lane projects.
