Background

The One Minneapolis Task Force was established by the NCEC in 2012 to establish the guidelines for the program, draft a request for proposals, and recommend projects for funding. Commission members who sit on the Task Force are Ishmael Israel, Henry Jimenez, Kenya McKnight, Jeff Strand, and Tessa Wetjen.

The first set of grant awards was approved by the City Council in April 2013. It is anticipated that the second solicitation for 2014 funding will begin later this year.

Attached is the Interim Report of the Task Force which describes the program to date.
